ON THE ROAD WITH KILLTEC

Breathtaking nature: rugged
rocks, green mountain valleys
and crystal clear water.

THE NEW COLLECTION

Light fabrics, diverse
functions and sporty designs.

SPRING | SUMMER 2019

DISCOVER CROATIA WITH KILLTEC

In Croatia, experienced mountain bikers get their money's worth on steep mountain trails just like active holidaymakers who want to camp by idyllic forest lakes or enjoy the crystal clear waters of the Adriatic Sea. The islands and national parks are the perfect backdrop for the killtec Outdoor Collection 2019 - just like they were for the Winnetou films in their day. Let the most beautiful places inspire you.

MAGICAL NIN

Two bridges lead visitors to a small island, where the town of Nin, not far from touristy Zadar, offers a pleasant and peaceful haven. The walls of the old town hold centuries-old stories and the rustic restaurants and inns promise a romantic time. Nin is an ideal starting point for planning excursions to the beach, and hiking and cycling tours.

THE WORLD'S SMALLEST CATHEDRAL

The Church of the Holy Cross is likely not only the smallest in the world, but also the oldest Byzantine church in Croatia. The church was built in the 9th century and can be walked around in only 36 steps.

The arrangement of the church walls, doors and windows is aligned to the different lighting conditions throughout a year and a day and thus also serves as a calendar and clock.

THE QUEEN'S BEACH

Named after the wife of the first Croatian king, the three-kilometre-long Queen's Beach stretches along the western end of a lagoon. The shallow sandy beach and the warm water temperatures offer ideal bathing conditions for the whole family.

PFC FREE //

OUR RESPONSIBILITY

WHAT ARE PFCS?

PFC is an abbreviation for per- and poly-fluorinated chemical compounds that do not occur in nature. Due to their special surface-active water-, oil- and dirt-repellent properties, they are used in many consumer products – hence also in many products of the ski and outdoor industry. PFC is especially present in the impregnations of ski and outdoor clothing.

WHY PFC-FREE?

PFC is hardly degradable, accumulates in the environment and in organisms and is thus classified as not entirely harmless. When washing PFC-impregnated textiles, small amounts of PFC enter the environment, too. Therefore, the ski and outdoor industry, hence also killtec, are working in-depth with their suppliers to develop harmless solutions for PFC, to bring products into even better and more sustainable harmony with the environment and nature.

WHAT IS KILLTEC'S SOLUTION?

For its PFC-free products, killtec uses the environmentally friendly, water repellent impregnation BIONIC-FINISH®ECO by the Rudolf Group.

VIBRANT ZADAR

Lively Zadar is worth a stay for adventurers who are looking for even more hustle and bustle. The Croatian city with the mountains behind it and the sea on its doorstep has about 80 thousand inhabitants. The impressive old town testifies to its past as a Roman fortress - those who love the sound of the sea head out to one of the adjacent beaches located around Zadar.

CROATIA'S WORLD OF ISLANDS FROM NIN TO THE KORNATI

The coast outside the city of Nin opens out to a unique world of islands. From here, visitors enjoy a fantastic view of the sea and the vast archipelago. The Kornati National Park belongs to the Dalmatia region and has the highest density of islands on the Croatian Adriatic. It is worth mooring at one of the jetties of the Konobas or in the Piskera marina. From there you can explore the rocks and cliffs on foot.

 **killtec**®

THE MAJESTIC CROWNS

Hardly any other place allows you to feel the same sense of freedom as the vast land of the Kornati islands do. Particularly impressive are the so-called 'crowns', 'Kruna' in Croatian. These are cliff walls that face the open sea. They were once formed by the movement of African and European tectonic plates. From the water they rise majestically into the sky and offer a magnificent view of the archipelago from atop.

RELAX AND LET YOUR MIND WANDER

The Kornati islands definitely let you experience what it feels like to be on a deserted island. Packing a tent and fishing rod, adventurers can discover unspoilt places to recharge their batteries. A hike to historical places, like the fortress Turet on the main island Kornat, are a wonderful change of scenery.

THE PLITVICE LAKES

Karl May fans, at least those of the films from the 60s, can retrace the steps of Winnetou and Old Shatterhand through the Plitvice Lakes National Park. Adventurers can experience what the camera filmed: thundering rapids, spectacular waterfalls and a series of small and large lakes.

The park is the largest and oldest in Croatia and was declared a UNESCO World Heritage Site in 1979.

A SHORT HIKE IN THE MOUNTAINS

In the Velika Paklenica gorge there is a beautiful hiking trail that leads from the car park along a stream up into the mountains. After two hours and 400 meters' difference in altitude you reach the forest hut 'Lugarnica'. Small, simple dishes are offered here as a small snack - a great refreshment for the way back.

ROCKY CHALLENGES

The Paklenica National Park is a paradise for mountaineers, roughly 50 kilometres from Zadar. Besides up to 200 kilometres of trails and paths that lead past forest huts and gorges, high rock formations and climbing facilities impress visitors. In Paklenica there is also the opportunity to descend into the underworld - to the Manita Peć cave. Many different bat species and other cave animals can be discovered here.

 **killtec®**

COWBOYS AND NATIVE AMERICANS

Like the Plitvice Lakes, the Paklenica National Park served as the location for most of the scenes from the Winnetou films. Even 50 years later, annual events on this topic still take place here. Within the large Paklenica Gorge, small wooden signs indicate the individual filming locations.

THE CANYON BY THE ZRMANJA RIVER

Pure adrenaline and thrills - the fast-flowing and unpredictable Zrmanja River flows through a gorge of karstic rock, sparse vegetation and sun-scorched land. Most of the scenes from the film 'The Treasure of the Silver Lake' were shot here. If you'd like to imitate the Apaches, the best way to explore the river is to travel by canoe or kayak to overcome the rapids and waterfalls.

ON A BIKE //

ALWAYS KEEP MOVING...

LIGHT CLOTHES ARE ESSENTIAL ON A BIKE TOUR. THE THIKLA JACKET BY KILLTEC ADAPTS TO THE BODY WITHOUT WEIGHING YOU DOWN.

The jacket with its practical functions such as armpit ventilation, waterproof zippers and breathability in harsh winds and bad weather is the perfect companion in challenging terrain.

Properly equipped, mountain bike fans can fully enjoy their adventure trip through the Paklenica National Park.

FASCINATING CAVES

From the Anica Luca valley, a footpath leads straight to the Manita Peć cave. It is the only cave publicly accessible in Paklenica National Park. The entrance is 570 metres above sea level. From there, the path leads inside the mountain for 175 meters, where stalagmites, stalactites and stalactite columns have formed over time.

KAIRA
RAIN JACKET WITH HOOD. PACKABLE

PACKED TO SAVE SPACE //

THE PRACTICAL PACKABLES

If you like travelling in lots of different ways, you want to have flexible clothes. The wind and weather can change – so it's great that the Packables adapt to the circumstances in no time.

The jackets and trousers are folded and disappear into the integrated pocket. As soon as the rain starts to fall they can be unpacked and put on again quickly.

The Packables are waterproof and windproof and are also ideal as a casual jacket for everyday life.

EXPERIENCE NATURE

If you're keen on pitching your tent amidst wild nature, you're in the right place in the pine forest of Paklenica National Park located between the mountains and sea. There is a campsite here with direct access to a pebble beach with a meadow and even a pool with a kid's section for the little ones. The Krka waterfalls are not far from here.

GENERAL TERMS AND CONDITIONS

TERMS AND CONDITIONS OF SALE AND DELIVERY KILLTEC SPORT- UND FREIZEIT GMBH RETAIL TRANSACTIONS

1. SCOPE, CONTRACT EXECUTION

The following terms and conditions shall be applicable to offers by **killtec** and all purchase and sale agreements, work delivery agreements with **killtec**, including consultations. The general purchasing terms and conditions of the buyer shall not be acknowledged. Any agreements deviating from the above require the written confirmation of **killtec**.

Offers shall be non-binding. A contract shall arise with the written contract confirmation of **killtec** or with delivery being effected.

Improvements and other changes to models, including minor color alterations, shall be admissible if such are reasonable for the buyer.

2. PRICES

The **killtec** price list effective on the delivery date or the offer price plus applicable value-added tax stipulated by law shall be applicable. We reserve the right to change prices.

3. DELIVERY, DELIVERY PERIODS

Delivery periods shall not commence prior to all the details of the contract being clarified in their entirety. Delivery periods shall be deemed to be complied with, if the shipment or retrieval of the deliverables is caused by the date the delivery period lapses or, in the event delivery is delayed for reasons the buyer is not responsible for, if notice is provided within the agreed upon delivery period regarding when the shipment shall be possible.

Should force majeure, strikes, or lock-outs, or any other labor dispute measures or their effects or other events outside the volition of **killtec** prevent **killtec** from fulfilling any of its delivery obligations, then the delivery periods shall be extended by the duration of such events and a reasonable time period for the recommencement of operations.

Such shall also be applicable if said circumstances occur at sub-suppliers or during any delivery default. The commencement and end of any such obstructions shall be immediately reported to the buyer. Should it be unreasonable for **killtec** or the buyer to fulfill the contract because a delivery is delayed, then both parties shall be entitled to withdraw from the contract. The buyer shall be authorized to withdraw from the contract in accordance with applicable law, if **killtec** is in delivery default or the delivery is impossible for reasons caused by **killtec**. For any other claims arising from such delivery default or impossibility, Item 7 of these Terms and Conditions shall be applicable.

Timely and quantity-conform partial deliveries shall be permitted and can be invoiced separately. Such shall remain subject to correct and timely delivery by the suppliers of **killtec**.

Delivery inside of Germany of orders having a product value of more than €100.00 shall be effected free of charge to the seat of the buyer with the transportation method chosen by **killtec** and at the risk of the buyer. Rush and special shipping requested by the buyer and deliveries of contracts having a product value of under €100.00 shall be effected at the cost and risk of the buyer. A flat rate surcharge shall be calculated on the basis of the price list, as such may be amended from time to time.

Deliveries to foreign countries shall in principle be effected ex works Buchholz or ex works Hamburg. Customs, import taxes, or similar fees shall be borne by the buyer.

4. PAYMENT CONDITIONS

killtec shall grant a 4% discount on deliveries inside of Germany for payments received within 10 days of the invoice date. Payment is to be rendered in the net amount without any deductions within 30 days of the invoice date. Agreed upon discount deductions shall not be permitted, as long as older payable invoices have not been paid in full. Special sales shall be effected exclusively on the basis of the net amounts and shall be immediately payable. Deliveries to foreign countries shall, in principle, be effected in consideration of advance payment. Agreements deviating from the above shall be valid only if such are memorialized in an offer or a valid price list.

The date on which the amount has been received by **killtec** or credited to its bank account shall be deemed to be the date the payment was received. The risk of the payment path shall in any event be borne by the buyer. Interest accrued under applicable law shall be calculated for default periods (8 percentage points over the base interest rate). Such shall have no effect upon the right to file for other default damages. Exchanges shall not be accepted as a payment method. Should it become evident after a contract has been executed that the claim **killtec** has to payment is jeopardized on account of the buyer lacking solvency, then **killtec** shall be authorized to demand the immediate payment of any and all of its still open claims and to effect the fulfillment of executed delivery agreements only in consideration of security or pre-payment therefor being rendered by the buyer. Such shall not affect any other claims under applicable law. The buyer can set-off its claims against the claims of **killtec** only if the counter-claim of the buyer has not been contested or has been established in a legally effective manner. The same shall apply to exercising any retention or service refusal rights.

5. OWNERSHIP PROVISIO

The products shall remain the property of **killtec** until all open claims arising from the business relationship, including any ancillary claims, have been paid in their entirety and until checks have been cashed. For current invoices, the ownership proviso shall be considered security for the account claim of **killtec**.

Should the proviso goods be combined with other goods not belonging to **killtec**, then **killtec** shall acquire co-ownership of the new item with the invoice value of its proviso goods being proportionate to the value of the other goods combined therewith as of the date they were combined. The buyer shall hold such for **killtec** in safe-keeping with the diligence of a professional.

The buyer shall be authorized to re-sell the proviso goods only with due consideration for the following provisions and only under the condition that the claims arising from the re-sale be transferred to **killtec**. The authorization of the buyer to sell proviso goods during the ordinary course of business shall terminate in the event **killtec** revokes such authorization as a consequence of any deterioration in the credit of the buyer that **killtec** becomes aware of.

The buyer has to sufficiently insure the proviso goods, in particular, against fire and theft. Claims against insurance companies arising from cases of damages are hereby assigned to **killtec** in the amount of the value of the proviso goods (gross amount of **killtec** invoices).

The buyer hereby assigns in advance any and all claims it is entitled to at present or in the future arising from any re-sale or arising from any other legal reason regarding the goods delivered by **killtec** as of the date such claims are caused and in the amount of the value of the proviso goods. And **killtec** accepts such assignment. The value of the proviso goods shall be the invoice amount plus a security premium of 10%, which shall not be applied, however, provided that third party rights conflict therewith.

The buyer shall remain authorized to collect the assigned claims in its own name as long as it is properly fulfilling its contractual obligations vis-à-vis **killtec** and/or its economic situation has not deteriorated.

The buyer is to immediately notify **killtec** in the event the ownership rights of **killtec** are seized or otherwise negatively impacted by third parties and is to confirm the ownership rights of **killtec** vis-à-vis third parties as well. The buyer shall not be permitted to pledge or transfer the proviso goods as security. Should the value of the securities rendered to **killtec** exceed the claims by a total of more than 10%, then **killtec** shall, upon demand by the buyer, be obligated to release correspondent securities. Upon all open claims arising from the business relationship being repaid, ownership of the proviso goods and the assigned claims shall be transferred to the buyer.

6. DEFECT LIABILITY

Obvious or visible defects are to be immediately re-

ported in writing, but by no later than a week after the goods have been received; non-visible defects are to be reported immediately after they have been identified. Notwithstanding any negotiations regarding the complaints, **killtec** shall reserve the right to object to complaints for defects that have not been inspected and objected to in a timely and proper manner. Defective goods are to be sent to **killtec** with the shipping order and the packaging slip and shall be improved or replaced with unobjectionable goods by and at the discretion of **killtec** within a reasonable period of time. Should the subsequent performance ultimately fail or should **killtec** allow a reasonable deadline for such subsequent performance set for it to lapse without success on account of its own culpability or should **killtec** refuse to render such subsequent performance or should such be impossible or unreasonable for the buyer, then the buyer can withdraw from the contract or demand that the price be reduced. Should but minor deviations exist that do not negatively impact the functionality of the goods, then the orderer shall only be entitled to a price reduction.

Insofar as a defect has not been maliciously concealed or a guarantee regarding the quality of the goods has been given, defect liability shall be precluded if the goods are b-goods of the parties offered at sui generis conditions. Defect claims contemplated under § 437 BGB (Bürgerliches Gesetzbuch, the Civil Code) shall lapse in 12 months commencing as of the delivery date. Item 7 of these Terms and Conditions shall be applicable to any liability regarding claims for damages.

7. GENERAL LIABILITY

Notwithstanding this Item 3 para. 3, claims for damages of any kind—within and without the framework of defect liability—arising, for example, from default or impossibility, due to a violation of any other contractual obligations, arising from culpability regarding termination of any contract, arising from illegal actions or from any other legal reason, especially of claims not caused to the deliverables themselves, shall be precluded, insofar as the following two paragraphs do not contain anything to the contrary.

Liability shall only apply for malicious intent or gross negligence, for culpable injury to life, body, health, for maliciously concealed defects, for the assumption of a quality guarantee, or for defects in the deliverables, provided that liability is prescribed under the Produkthaftungsgesetz (the Product Liability Act) for material damages to privately used things or for personal damages.

killtec shall also be liable for the culpable violation of material contractual obligations; in such an event, liability shall, however, be limited to damages that are typical for the contract and reasonably predictable. Material contractual obligations shall be such obligations, the fulfillment of which enables the proper performance of the contract per se and the compliance with which the contractual partners regularly rely upon and may rely upon.

8. PLACE OF PERFORMANCE, VENUE, MISCELLANEOUS

The place of performance shall be the seat of **killtec**. The exclusive venue for any and all disputes with merchants or persons not having any general jurisdiction within Germany—even for check disputes—shall be Hamburg, Germany. **killtec** shall be authorized to take legal action against the buyer in its general jurisdiction as well.

German law shall apply. The application of the United Nations Convention on Contracts for the International Sale of Goods (CISG) shall be precluded. Provided that such are used by **killtec** during the order, the Incoterms 2000 shall be applicable, as they may be amended from time to time. The ineffectiveness of individual provisions shall not affect the validity of the remainder of these Terms and Conditions.

Any and all personal data shall be treated in confidence by **killtec** with due consideration for applicable law.
